## Сводка

#LI-Hybrid

Location: London, UK

The Executive Director Pricing & Contracting (EDPC) will work on CRM portfolio and is a partner/subject matter expert who is a reliable and visible contact point for priority countries. The EDPC is expected to drive strategic initiatives which position International Pricing as a key collaborator through partnership with relevant functions (TA, S&G, Access, HEOR, Policy, Finance, etc.).

The EDPC will act as an advisor to other functions and senior management teams on specific pricing-related topics. Lead a team of pricing & contracting professionals, act as a role model by further strengthening the organizational culture, and by mentoring other talent within and outside of pricing. The EDPC will drive development of launch and in-market pricing strategies and contracting solutions for selected brands that enable access for our products in partnership with the TA teams, other partner functions and regions/key countries.

The position is reporting to the Head of Pricing.

## About the Role

### Key Responsibilities:

- Leads a Pricing & Contracting team with a disruptive mindset to tackle competitive environments and develop innovative pricing strategies and tactics to support regions/countries in delivering expected results. Provides effective and inspiring team leadership, actively works on career development, and focuses on retaining and attracting top talent
- Work effectively across functions and geographies with a focus on customer needs to achieve goals and ensure key stakeholder alignment.
- A thought partner/subject matter expert who is a reliable and visible contact point for priority countries to provide active, effective key country-level support.
- Interact regularly with priority countries. Facilitate operational pricing scenario analysis on local price and innovative contract proposals for consultation and decision-making. Share overall pricing approach and strategies, as necessary, with the US organization.
- Educate senior leadership on the pricing and reimbursement landscape developments of priority countries as appropriate. In partnership with Policy and Healthcare Systems leads, identify pricing policy barriers/opportunities and develop strategic and operational plans to address the pricing components of key policy issues (e.g., global price transparency, EU co-operation initiatives).
- Provide/withhold endorsement of price proposals consistent with international governance at launch and any list & net price changes post-launch for assigned countries. Monitor local pricing implementation. Oversee vendor/consulting/internal projects aimed at answering strategic pricing and business questions.

Executive Director Pricing & Contracting will partner with the TAs, HEOR, Access, Finance and other teams to:

- Develop, review, and execute pricing and innovative contracting strategies for key compounds/indications within assigned areas. Responsible for ensuring alignment with program and brand strategies to optimize brand value and market access.
- Collaborate on pricing research with other international functions, key countries/regions (as needed). Identify competitive trends, synthesize competitor price information (including biosimilars and generics), and trigger actions as required.
- Design and oversee international launch sequence optimization for assigned assets/indications. Coordinate with key countries and regions and other international functions to ensure pricing and access are optimized as impact is felt globally across markets.
- Develop and co-create models to optimize pricing and access and recommend adaptations where appropriate. Coordinates, as needed, input into the price assessment of early-stage products and due diligence projects to validate price, dosing, endpoint, and comparator selection from a price implementation and realization point of view.

### Essential Requirements:

- At least 7 years of relevant senior level experience at pharmaceutical companies, HTA or health care consultancy companies; pricing, access and commercial experience across multiple brands and multiple therapeutic areas.
- Excellent analytical skills and ability to extract and quickly process key information, summarize key needs, and provide targeted and appropriate insights and recommendations.
- Previous team management experience.
- Strategic thinker with strong business and finance acumen.
- Recent experience in above country (regional or global) role preferred.
- Experience or strong exposure to some of our priority markets (US, EU5, China, Japan) and preferably also to emerging key markets in LaCan and APMA.
- Track record of successfully working across functions (especially TAs, S&G, V&A, Finance).
- Experience in preparation and negotiating reimbursement and HTA submissions with payers in major markets.

### Desirable Requirements:

- 10+ years of relevant senior level experience
- Advanced degree (e.g. PhD, Masters) in Math, Economics, Business Administration, Finance, Marketing, Health Policy, Health Economics, or related fields.

### Benefits & Rewards:

Competitive salary, Sales incentive bonus, Pension scheme, Share purchase scheme, Health insurance, 25 days annual leave, Flexible working arrangements,

subsidized dining facilities, Employee recognition scheme, learning and development opportunities.
