Step into a role where engineering excellence directly supports patient impact. As a Maintenance Leader, you will ensure that critical equipment, utilities, and facilities operate reliably, safely, and in full compliance with quality standards. You will lead maintenance and engineering activities, drive continuous improvement, and deliver technical solutions that enable efficient production and high-quality outcomes. Working closely with cross-functional stakeholders, you will play a key role in shaping a robust and compliant manufacturing environment.

About the Role

Key Responsibilities:

- Lead maintenance and engineering activities to ensure reliable, compliant operation of equipment and utilities
- Plan, coordinate and oversee maintenance and calibration activities, including resource allocation and task assignment
- Drive continuous improvement projects focused on efficiency, reliability and environmental compliance
- Ensure adherence to Health, Safety, Environment and quality standards across all engineering activities
- Prepare technical documentation including equipment specifications and system requirements for projects
- Manage engineering and maintenance projects through planning, execution and stakeholder alignment
- Support audits and ensure readiness through proper documentation, processes and compliance adherence

Essential Requirements:

- Degree in Engineering or related technical field
- Proven experience in maintenance, engineering operations or project management within a regulated industry
- Experience working in an aseptic manufacturing environment
- Experience leading teams within an engineering or maintenance environment
- Strong knowledge of Good Manufacturing Practice and Good Documentation Practice standards
- Solid understanding of health, safety and environmental regulations in an industrial setting
- Ability to manage projects, resources and timelines effectively across multiple priorities
- Strong problem-solving skills with the ability to analyze issues and implement practical technical solutions

You'll receive:

You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook <https://www.novartis.com/careers/benefits-rewards>

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development opportunities as well as worldwide career possibilities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is €78.383,90/year (on a full-time basis). The actual salary will be significantly higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

Commitment to Diversity and Inclusion:
