Shape the future of financial controls through cutting-edge systems and global impact. As an Internal Controls Application Specialist, you will own and evolve critical platforms such as ACTIVE and SAP GRC Process Controls, ensuring robust governance and high-quality reporting across the Global Finance function. You'll play a pivotal role in strengthening Internal Controls over Financial Reporting (ICFR) and SOX compliance, while partnering with stakeholders worldwide to drive transparency, consistency, and continuous improvement. If you're passionate about combining finance, technology, and governance in a truly global environment, this role offers a unique opportunity to make a lasting impact.

About the Role

Key Responsibilities

- Own governance and maintenance of ACTIVE platform, ensuring data integrity and alignment with NFCM methodology.
- Manage SAP GRC Process Controls, including master data, workflows, and automation configuration.
- Ensure consistency between ACTIVE, GRC Process Controls, Runbook, and related finance systems.
- Maintain and update control master data, organizational structures, and control assignments across entities.
- Support ICFR and SOX 404 compliance by ensuring accurate, complete, and auditable controls reporting.
- Act as key contact for auditors, explaining system logic, data structures, and supporting audit queries.
- Collaborate on LDC and system transformation initiatives, supporting rollouts, testing, and process alignment.

Essential Requirements

- University degree in Finance, Accounting, Information Systems, or related field.
- Minimum 5 years of experience in internal controls, financial compliance, or governance processes.
- Strong understanding of Internal Controls over Financial Reporting and SOX 404 requirements.
- Hands-on experience with SAP GRC Process Controls or similar governance and compliance tools.
- Strong analytical skills with high attention to detail and ability to manage complex datasets.
- Excellent communication skills in English, with ability to support and guide global stakeholders.

Desirable Requirements

- Experience with ACTIVE NFCM platform or similar financial compliance and controls management tools.
- Experience supporting system implementations, especially SAP S/4 HANA or governance tool rollouts.
