Сводка

What if you could help shape the future of Finance through the power of Artificial Intelligence and advanced analytics? As Global Manager Digital Finance, you'll play a pivotal role in transforming how Novartis makes decisions, plans for the future, and creates value. Working at the intersection of Finance, data science, and digital innovation, you'll lead high-impact initiatives that turn emerging technologies into scalable business solutions, helping drive smarter decisions and meaningful change across a global organization.

About the Role

Location: Barcelona, Spain

#LI-Hybrid

Key Responsibilities

- Lead the design, development, and deployment of AI, agentic workflow, and advanced analytics solutions that enhance Finance decision-making and operational efficiency.
- Own digital products end-to-end, from strategy and development through implementation, adoption, ongoing operations, and value realization.
- Partner with Finance, Digital Finance, and Data & IT teams to define data requirements and shape the roadmap for next-generation AI and ML-enabled capabilities.
- Drive the industrialization of Finance processes by identifying inefficiencies and implementing scalable AI, automation, and digital solutions across planning, forecasting, and reporting.
- Lead cross-functional innovation initiatives and MVPs, translating business needs into scalable solutions and accelerating enterprise-wide adoption.
- Build strategic partnerships across Finance and other business functions to identify synergies, shape the future operating model, and deliver measurable transformation impact.

Essential Requirements

- Bachelor's degree in Finance, Economics, Business, or a related discipline.
- 5-8 years of Finance experience within a global, complex organization.
- Strong understanding of financial planning, forecasting, performance management, and business analytics.
- Hands-on experience or strong learning agility with Artificial Intelligence tools, including Microsoft Copilot, Claude, Perplexity, Gemini, NotebookLM, Gamma, and Synthesia.
- Excellent communication and stakeholder management skills, including engagement with senior leaders.
- Fluent English communication skills, both written and spoken

Desirable Requirements

- Master of Business Administration or equivalent advanced degree.
- Project management experience delivering complex cross-functional digital transformation initiatives.

Benefits & Rewards

At Novartis, we're committed to reimagining medicine together - and rewarding the people who make it happen.

Expected Annual Base Salary Range for role: 59,100 – 109,700 EUR

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.

Pay equity is a fundamental principle of our employment policy and reflects our commitment to create a diverse, equitable and inclusive environment that treats all employees with dignity and respect, as outlined in our Code of Ethics.
