Imagine shaping the systems and insights that help drive critical business decisions across a global organization. As a Manager Global Management Reporting, you will play a key role in enabling data-driven planning, reporting, and analytics by leading the development and optimization of finance reporting and performance management solutions. Working at the intersection of Finance, Data, and Technology, you will partner with global stakeholders to deliver innovative reporting capabilities, enhance data quality, and ensure reliable insights that support strategic decision-making. This is an exciting opportunity for someone who enjoys solving complex challenges, influencing global processes, and driving continuous improvement through technology and analytics.

About the Role

Key Responsibilities

- Lead the design, development, and maintenance of global management reporting and performance management solutions.
- Deliver scalable planning, reporting, dashboarding, and analytics capabilities that support strategic decision-making.
- Ensure reliability, performance, and availability of finance reporting systems and related data platforms.
- Partner with Finance, Data, and Information Technology teams to implement reporting and process enhancements.
- Oversee master data governance and ensure high-quality data across countries, processes, and systems.
- Support budgeting, forecasting, month-end closing, and reporting processes through robust system solutions.
- Drive continuous improvement, simplification, and operational excellence across reporting and analytics environments.

Essential Requirements

- University degree in Finance, Economics, Information Management, Information Technology, or a related field.
- 7+ years of experience in application development, analytics platforms, or enterprise systems support.
- Strong expertise in financial planning, forecasting, consolidation, and management reporting processes.
- Hands-on experience with SAP Business Planning and Consolidation, SAP Business Warehouse, and SAP HANA.
- Proven ability to translate business requirements into scalable reporting and analytics solutions.
- Fluent English with strong stakeholder management, collaboration, and communication skills.

Benefits & Rewards

At Novartis, we're committed to reimagining medicine together - and rewarding the people who make it happen.

Expected Annual Base Salary Range for role: 91.000 CHF - 169.000 CHF

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters. Long-term equity awards granted at group level may also be part of your package. Further details will be provided during the application process.
