Imagine being at the heart of strategic investment decisions that shape the future of digital, data, and technology innovation at Novartis. As Manager, Business Planning & Analysis DD&IT Projects, you will partner with senior leaders to provide financial insights, evaluate complex investment opportunities, and drive data-informed decisions that maximize business value. This is an exciting opportunity to combine financial expertise, strategic thinking, and business partnering skills to influence high-impact projects while helping transform the way Novartis delivers innovative solutions for patients worldwide.

About the Role

Key Responsibilities

- Partner with business leaders to deliver actionable financial insights that support strategic decision-making.
- Lead budgeting, forecasting, and long-range planning for DD&IT project investments.
- Evaluate risks and opportunities, recommending actions to maximize value and business performance.
- Monitor project and portfolio performance, providing early warning signals and resource recommendations.
- Develop robust business cases and profitability analyses to support investment decisions.
- Drive forecast accuracy through data integrity reviews and performance trend analysis.
- Simplify and enhance reporting processes to improve efficiency, transparency, and decision support.

Essential Requirements

- Bachelor's degree in Finance, Accounting, Economics, Business Administration, or a related discipline.
- Proven experience in financial planning, budgeting, forecasting, and business performance management.
- Strong analytical skills with the ability to translate complex data into actionable business insights.
- Experience partnering with senior stakeholders to support strategic and investment decisions.
- Demonstrated ability to assess risks, identify opportunities, and recommend effective mitigation actions.
- Excellent communication and influencing skills, with the ability to present findings clearly and confidently.

Benefits & Rewards

At Novartis, we're committed to reimagining medicine together - and rewarding the people who make it happen.

Expected Annual Base Salary Range for role: 40,500 - 75,300 EUR gross.

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.

Pay equity is a fundamental principle of our employment policy and reflects our commitment to create a diverse, equitable and inclusive environment that treats all employees with dignity and respect, as outlined in our Code of Ethics.
