### Сводка

The Medical Science Liaison (MSL) is a field based, customer-facing, non-promotional medical and scientific role. Their key objective is to create impact through advancing clinical practice within the territory that leads to improved patient outcomes. The MSL must demonstrate deep therapeutic expertise, understand territory and market influences, engage scientifically with Healthcare Providers (HCPs) and medical experts, manage, and develop their territory and execute all relevant activities in alignment with the medical strategic and tactical plan – while functioning within the Novartis Code of Conduct, Ethics/Compliance policies and Working Practice documents. The MSL will inform and shape medical strategy through application of a curious mindset to collect impactful and actionable insights, understanding the strategic impact of critical insights.

### About the Role

#### Key Responsibilities:

The MSL will leverage scientific expertise and market knowledge to establish and build professional relationships and engage with HCPs (including community physicians, pharmacists, medical experts, nurses, and other healthcare professionals) and other thought leaders in geographical area as aligned with medical strategy

- The primary responsibility of the MSL is to engage with customers - customer engagements may include but not be limited to emerging data discussions, clinical trial activities, uncovering barriers in patient journey, understanding market dynamics within territory, exploration of areas of unmet medical need, pipeline discussions, educating on disease state and product, capturing adverse events, and capturing medical insights through all stages of product lifecycle.
- Must demonstrate strategic territory vision and ensure appropriate territory identification, mapping, and planning of Medical Engagements (MEs) and Key Accounts as aligned to medical strategy and in collaboration with internal Novartis colleagues.

This includes:

- a. identification of key stakeholders with influence in disease space throughout the product development journey to establish strategies for education, engagement, and partnership
  - b. identification of opportunities for partnership with academic centers, centers of excellence, and/or systems of care to drive impact within the assigned territory
  - c. identification of opportunities to involve HCPs or MEs when a specific medical need is identified (e.g., publications, clinical trial participation, etc.)
  - d. identification of opportunities for internal collaboration with other Novartis stakeholders to drive forward therapeutic area, clinical, or product goals as appropriate
- Provide clinical trial support for company sponsored trials and facilitating relevant medical activities, including but not limited to identification of appropriate sites, supporting clinical trials (subject recruitment, protocol questions, SIVs, etc.) at sites, and cross-functional collaboration with Medical Affairs and Clinical Operations colleagues
  - Regularly collaborate with internal colleagues (e.g., HEOR, access, marketing, commercial) within the assigned therapeutic area and territory to advance clinical practice while maintaining customer centricity and a One Novartis approach in accordance with Novartis compliance standards
  - Maintain in-depth knowledge of assigned therapeutic area and Novartis compounds to serve as a medical resource to customers and internal colleagues
  - Maintain in-depth knowledge of internal policies and external regulations (e.g., field medical Working Practice Document (WPD), travel policy, expense policy, state and local laws, institutional policies) and how they affect the day-to-day
  - Execute all administrative responsibilities and training (e.g., Veeva CRM, voicemail, e-mail, expense reports, compliance modules, etc.) in a timely manner, including profiling of core customers and ensuring up-to-date information in the CRM
  - Champion emerging responsibilities as strategic priorities and territory needs evolve
  - Proactively drive personal and professional development
  - Conduct yourself with the highest ethical standards and adhere to Novartis Code of Conduct. Comply with all relevant laws and regulations and Novartis Ethics, Risk & Compliance policies, and procedures.

#### Essential Requirements:

- **Education:** Graduate degree in science or healthcare required; doctoral degree preferred (MD, PhD, DNP, PharmD, etc.)
- Minimum of 3 years' experience in a Field Medical-based position within the pharmaceutical industry or as an MSL is preferred OR 5-7 years of relevant medical affairs, clinical research, or related experience in a scientific or clinical setting required.
  - Strong clinical knowledge including pharmacotherapy, treatment guidelines, clinical research processes, medical expert engagement strategies, and FDA promotional guidelines, regulations, and ethical guidelines applied to the pharmaceutical industry is required.
  - Candidates will perform their duties in accordance with applicable law, regulations, and Novartis policies.
  - Works within Ethics, Compliance and Promotional policies (Novartis & Federal) and ensures those around them do the same.
  - Works to ensure a diverse and inclusive environment free from all forms of discrimination and harassment.
  - Adherence with Company policies, state and federal laws and regulations

- Candidate must reside within territory, or within a reasonable daily commuting distance of 50 miles from the territory border. Field based, customer-facing position majority of the time with approximately 60-70% travel required to achieve performance and business objectives (face to face, virtual, email, telephone, etc.). Must have a valid driver's license.

**Desirable Requirements:**

- Previous experience in assigned or related therapeutic area is preferred.

NOTE: Above level experience criteria are not an exhaustive list.

Driving is an Essential Function of this Role: Meaning it is fundamental to the purpose of this job and cannot be eliminated. Because driving is an essential function of the role, you must have a fully valid and unrestricted driver's license to be qualified for this role. The company provides reasonable accommodations for otherwise qualified individuals with medical restrictions if an accommodation can be provided without eliminating the essential function of driving.

The salary for this position is expected to range between \$160,300.00 and \$297,700.00 per year.

The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors.

Your compensation will include a performance-based cash incentive and, depending on the level of the role, eligibility to be considered for annual equity awards.

US-based eligible employees will receive a comprehensive benefits package that includes health, life and disability benefits, a 401(k) with company contribution and match, and a variety of other benefits. In addition, employees are eligible for a generous time off package including vacation, personal days, holidays and other leaves.
