Сводка

#LI-Hybrid

The ideal location for this role is the East Hanover, NJ or Cambridge, MA site, but a distant working arrangement may be possible in certain states. Distant workers are responsible for the cost of home office expenses and any travel/lodging to the East Hanover or Cambridge site, as determined necessary by hiring manager. The position will require travel as defined by the business (domestic and/or international).

The Director, US Market Access Strategy, Neuroscience is responsible for optimizing the market access strategy for launch and inline brands. This role will lead the market access launch of a neuroscience product. This role is responsible for working across the US Market Access organization to craft a holistic product access strategy and ensure delivery of strategies for their respective product(s) that reflect the expertise across the different specialties within the US Market Access (i.e., Payer and Pricing Strategy, Commercial Access Integration, Patient & Support Services, Finance). Additionally, this individual will ensure that these strategies are executed across the broader affected organization (i.e., the Product, Integrated Marketing, and Customer Engagement Organizations). The overarching objective is to ensure that each of our products is positioned for optimal payer coverage, affordability for appropriate patients, and durable value for Novartis over time and as the product matures and/or extends into new indications.

About the Role

Key Responsibilities:

- Functioning as the key point of contact for US and Global product teams, participating in all relevant product meetings and ensuring that other Market Access functions are involved and present as appropriate
- Ensuring the US Leadership Team is well-informed of product opportunities and challenges at any given time. Socializing US market access product strategies as appropriate with US and Global Product Leads and Executive Leadership
- Developing an integrated 3- to 5-year Market Access product plan, which includes integration of short- and long-term access strategies in an annual Brand Planning processes
- Engaging with the Integrating Marketing and Customer Engagement Organizations to ensure that we are working efficiently, and market access strategies are seamlessly executed upon
- Partnering with Market Access Acct Management and Pricing & Channel Strategy to ensure that annual forecasts are accurate and reflect the latest market events
- Partnering with brand and other Market Access teams to secure annual budgets and ensure tactical plans support the Market Access product strategies. Responsible for managing multiple budgets and deliverables, including organizing interim project read-outs to ensure cross-functional alignment and ensuring deliverables do not exceed allocated budget
- Working closely and engaging with Legal, Compliance, Brand and Marketing teams to ensure tactics are aligned and implemented in an expeditious and compliant manner
- Mastering the NVS Material Approval Process, including FUSE platform, compliance with pharma/FDA marketing policies, and vendor payment systems
- Oversee development of critical market research including development of qualitative and quantitative areas of study, and determining fundamental go-to-market principles to achieve optimal product commercialization
- Manage vendor RFP process and ensuring contracting compliance

Essential Requirements:

- **Education:** Bachelor's degree required; MBA, Healthy Policy or equivalent preferred
- Minimum of 7 years of pharmaceutical experience in Marketing/Sales, Market Access or Managed Care Finance
- Thorough understanding, knowledge of and experience with US healthcare dynamics and the drivers of pharmaceutical value
- Success in the areas of commercial pharmaceuticals and a track record of execution and results
- Ability to recognize complex relationships and market dynamics and to synthesize simplified, direct and effective communications
- Strong interpersonal, communication, influencing and analytical skills combined with an ability to successfully collaborate across a matrix organization
- Demonstrated ability to manage multiple projects with potential inter dependent findings and deadlines
- Ability to implement programs that deliver improved business results in a timely manner combined with ability to adapt to changes within the internal and external environment

Novartis Compensation Summary:

The salary for this position is expected to range between \$194,600 and \$361,400 per year.

The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors.

Your compensation will include a performance-based cash incentive and, depending on the level of the role, eligibility to be considered for annual equity awards.

US-based eligible employees will receive a comprehensive benefits package that includes health, life and disability benefits, a 401(k) with company contribution and match, and a variety of other benefits. In addition, employees are eligible for a generous time off package including vacation, personal days, holidays and other leaves.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
